

## Electronics Club Terms and Conditions

### Electronics Leaderboard Terms and Conditions

1. The promotion will run from 1<sup>st</sup> July to 30<sup>th</sup> September 2026 and is open only to Metropolitan Rewards Card holders who have qualified for the Electronics Club.
2. To qualify for the Electronics Club, customers must:
  - Be a Metropolitan Rewards Card holder.
  - Have actively played electronic machines during the previous calendar month.
  - Be contactable or non-contactable. Please note that offers will only be communicated to contactable customers via email and SMS. If you are currently non-contactable, please visit your local casino to check whether you qualify and to view any available offers.
  - Rank within the Top 100 Electronics Players at their Home Casino (all participating venues excluding Empire Casino), as determined by performance metrics collected during the previous calendar month.
  - Rank within the Top 200 Electronics Players at Empire Casino, as determined by performance metrics collected during the previous calendar month.
3. Rankings are based on an assessment of:
  - Theoretical Win (Theo) – the estimated amount the casino expects to retain from a customer's slot play. Theoretical Win is calculated using factors such as the total amount wagered and the programmed house advantage of slot machines. It is an estimated value used for performance and rewards purposes only and does not represent actual wins or losses.
4. Qualified Electronics Club members will receive weekly Free Play offers (up to a maximum of four per calendar month). The value of each offer is determined based on the customer's Average Daily Worth (ADW) from the previous calendar month, calculated at a 20% reinvestment rate, with a minimum value of £25 and a maximum value of £200 per offer. Offer values will be rounded up to the nearest £5 increment. Each offer will be valid for a seven (7) day redemption period from the date of activation and will expire if not redeemed within that timeframe. Offers will be sent by email or SMS to the contact details registered to the customer's Metropolitan Rewards account.
5. Average Daily Worth (ADW) – shows how much a customer plays on average each day they visit. It is calculated by dividing the customer's Theoretical Win from slot play by the number of days they played during the previous calendar month. ADW is an internal calculation based on estimated values and may not reflect actual wins or losses.
6. The Electronics Club will operate only at the following venues: Alea Glasgow, Alea Nottingham, Manchester235, Empire Casino, and The Sportsman Casino.
7. Customers who qualify for the Electronics Club will be sent an invitation by email or SMS.
